

NEW YORK CITY ACRIS SYSTEM FOR UCC FILING & SEARCHING

In 2003, the New York City Register of NY, Kings, Queens and Bronx Counties implemented a system called ACRIS for UCC filing and searching. ACRIS stands for Automated City Register Information System.

Cover Sheet Requirement FOR Filings:

All **UCC**, co-op, fixture and real property (i.e. mortgages, deeds, etc.) filings must be submitted with a special cover sheet.

The cover sheet asks for detailed information about the real property affected by the filing. It must be prepared online. A transaction number is assigned and required when the filing and cover sheet are submitted.

Clients preparing their own cover pages must first establish an ACRIS account in order to create cover sheets.

National Corporate Research will prepare these cover sheets for our clients' filings. Those clients who prefer to prepare their own can do so on the city's ACRIS web site:

ACRIS Implementation Causes Unexpected Delays

UCC filings for NY, Kings, Queens and Bronx counties that were submitted just before the January 6th implementation date but that had not been processed as of that date will be delayed. This is due to the fact that the City Register staff must enter these filings into the ACRIS system.

SEARCHING AVAILABLE ONLINE:

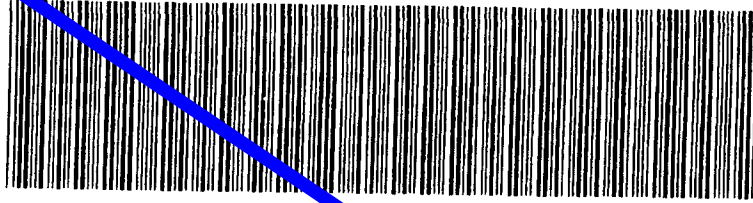

UCC and Federal Tax Lien searches can be conducted online for the four City Register counties via the ACRIS web site: <http://www.nyc.gov/html/dof/html/jump/acris.shtml>

Attached is a sample of a filed cover sheet indicating where on the page the filing date and number can be found.
